

KROMA TELECOM

8,4" LCD MONITOR FOR OUTDOORS – LM6109

LM6109 is Kroma brand new 8,4" LCD monitor specially designed for shooting crews. It consists of an active matrix in high resolution (1024x768 pixels) with the widest colour range (Full Colour) as well as an excellent viewing angle ($\pm 85^\circ$ Horizontally and Vertically). With an unbeatable response time, user will enjoy the best picture quality.

Video inputs are activated by password – no need for plug-in cards. It has also two audio inputs that can be monitored together with de-embedded audio via its built-in speaker. It is switchable 4:3 / 16:9.

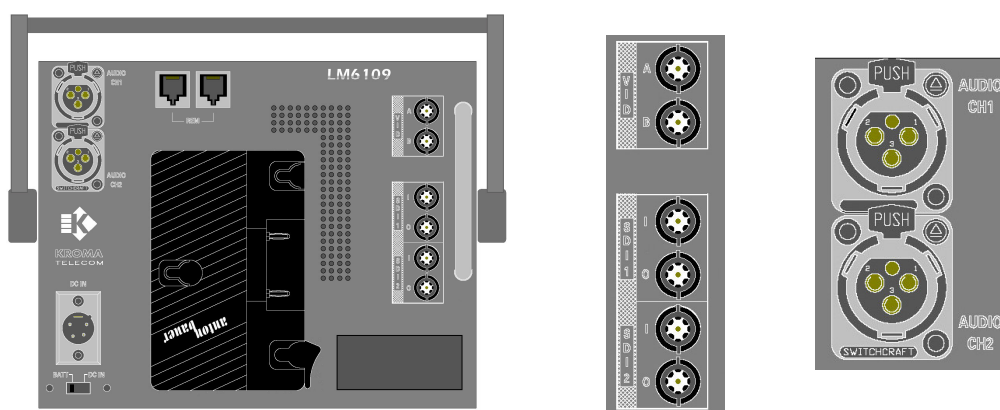

The carry handle can be tilted and used as a desktop support to better fit the position of the user. Screen is protected with an anti-reflect film cover to avoid scratches. BNC connectors at the rear panel are also protected with metal gears. A sun hood is available.

It is powered via battery (Anton Bauer, Sony) or external power supply.

LM6000X07: 2x PAL/NTSC (UIT R-BT470 / SMPTE 170M)

LM6000X06: 2xSDI SD with loop and audio de-embedding (SMPTE 259/259M-C)

LM6000X08: 2xSDI HD with loop and audio de-embedding (SMPTE 292/296M/274M)
